

2016 2017 PE Impact data

Minutes of PE in a typical week

All pupils take part in 2 hourly sessions of PE a week and a daily 5 minute shake up each morning.

% of children who have taken part in OSHL (Out of School Hours Learning)

Sports clubs

25% of KS1 pupils have taken part in OSHL Sports clubs compared to 32% last year (7% drop). 40% of KS2 pupils have taken part in OSHL

Sports clubs compared to 43% last year (3% drop). This will be an area of development for next year's Sports funding.

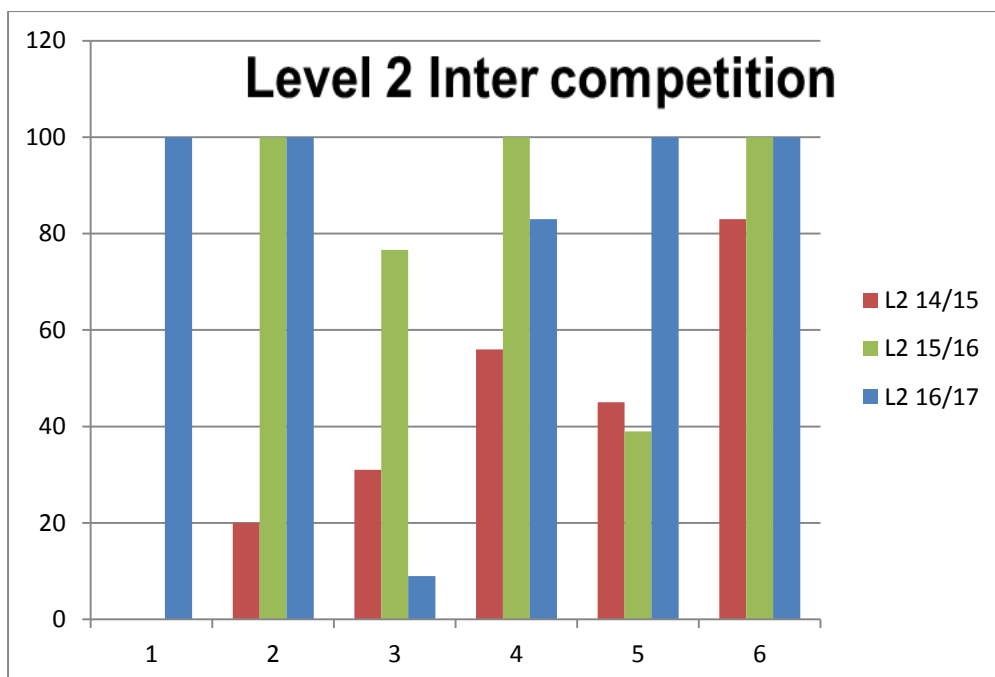

% of children who have taken part in Intra Level 1 (within school)

Competition

There has been a much bigger focus on Intra competition within PE lessons this year. Most children now wear coloured team t-shirts to help encourage competition within lessons. Success is rewarded with team points. Next year, we will focus on end-of-term intra competitions within competition weeks.

% of children who have taken part in Level 2 Inter competition

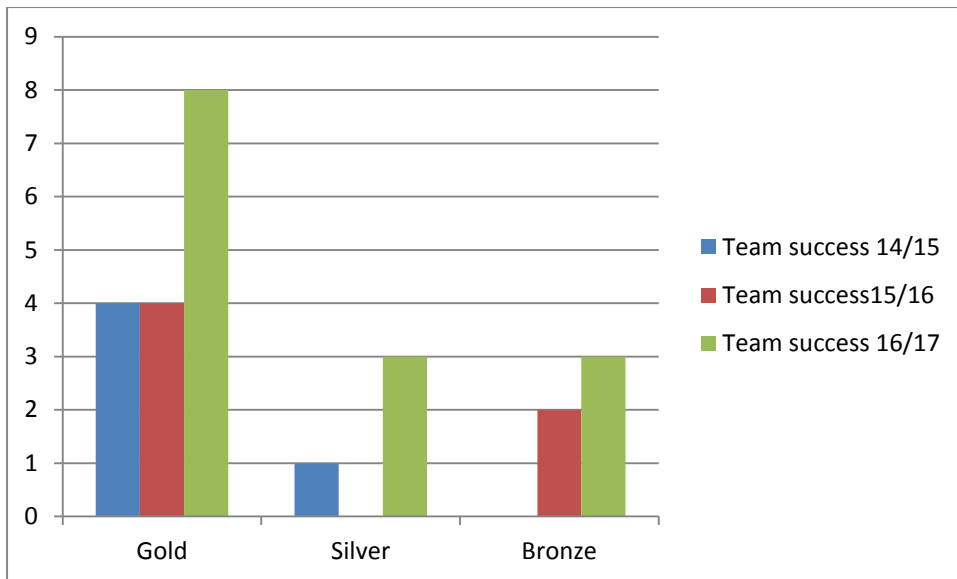

100% of KS1 pupils have taken part in Level 2 competition compared to 50% last year through SSP festivals.

73% of KS2 pupils have taken part in Level 2 Inter competition this year compared with 78% last year. 100% of pupils in Years 1 and 5 took part in Level 2 competition (last year's focus year groups). The 5% drop was due to very few opportunities for Year 3 this year. Year 3 will be the focus year group for Level 2 competition next year.

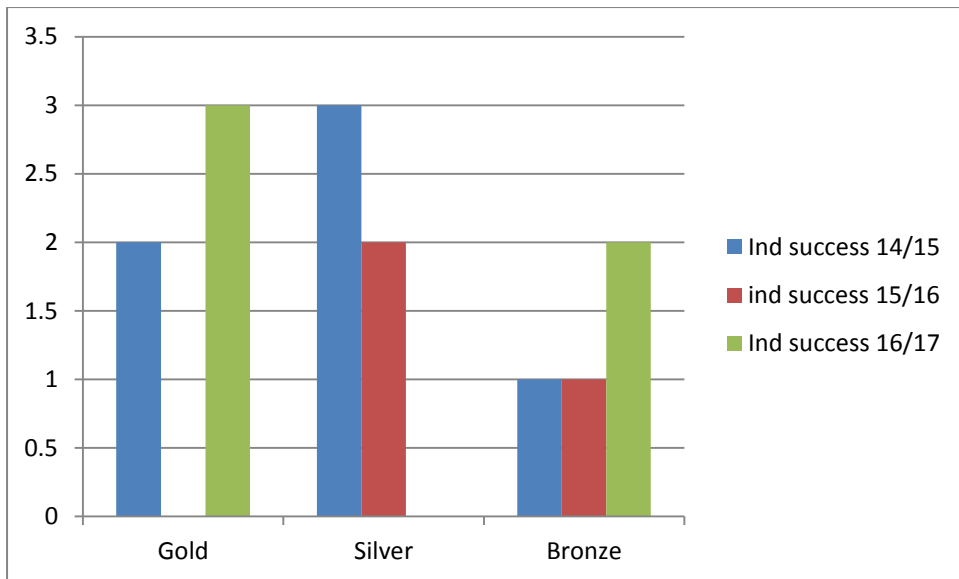

Competition Success at Level 2 Competition

Team Success

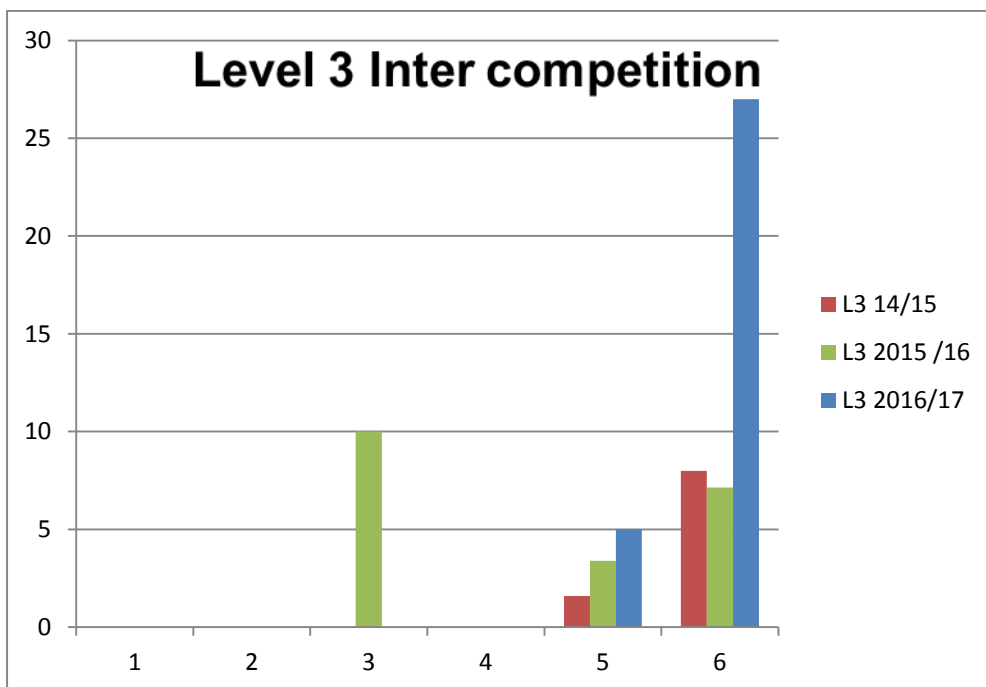

Silverhill have had an incredibly successful Year at city competitions. We are city champions in Year 5/6 Cyclo-Cross cycling, Year 5/6 Grass Track cycling and Girls Primary Track and Field. We won Silver at both Quadkids Athletics (from Bronze last year) and Overall (Boys and Girls) Primary Track and Field. I do not think it is coincidence that Strength Lab has worked closely with these 2 groups over the last 2 years and we are seeing results. We are now outperforming schools that have been more successful than us in the past.

Individual Success at Level 2 Competition

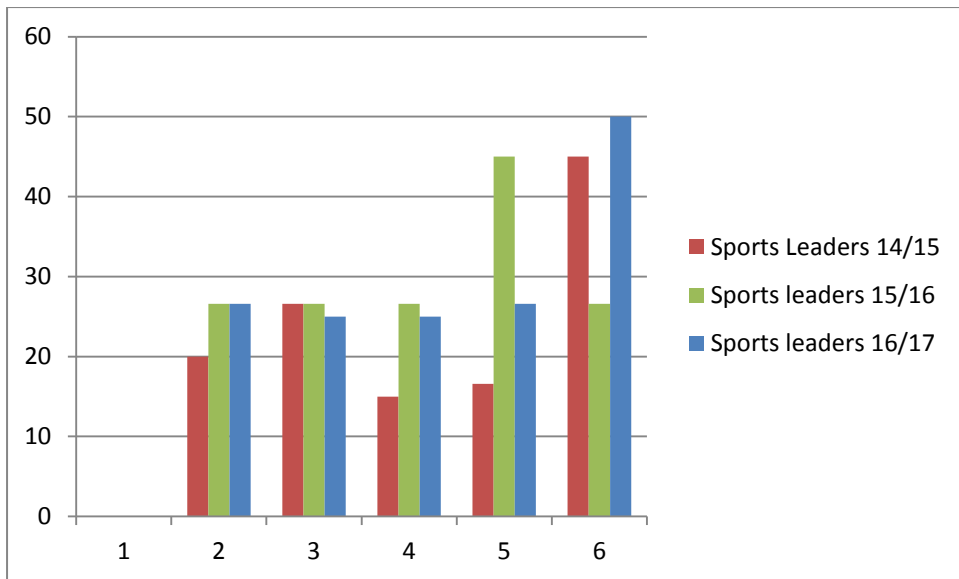

% of children who have reached Level 3 County level Competition

We had a record number of children involved in Level 3 County level sport this year. Our success at Grass Track and Cyclo Cross as well as Quadkids Athletics resulted in 16 children representing Silverhill at county level. Sadly, bad weather resulted in the finals being cancelled and we were only able to attend the Cyclo final due to Year 6 performance commitments.

% of children involved in Sports leader roles

Our Mini Leaders (Year 6) have provided activities for children throughout the year and Take 10 leaders from each year group have led Take 10 during our morning exercise sessions. Next year, Superheroes Master Movers within each year group will take a leadership role in the delivery of the Superheroes scheme. I would also like some Year 3 mini-leaders to be trained up to work with KS1 so that the Year 6 mini-leaders can focus on engaging the KS2 children.

SEN

% of SEN children involved in OSHL Sports clubs

SEN pupil involvement has increased in Years 1,,3 & 6 and remained the same in Year 2. However, SEN involvement has decreased in Years 4 and 5 this year. We will be addressing this during the OSHL focus next year.

% of SEN children involved in Level 2 Inter competition

Pupil Premium involvement has increased in Years 1 and 5 (focus year groups) and remained the same in Years 2 and 6 (100%). It has decreased in Years 3 & 4. These year groups will be the focus for next year.

Pupil Premium

% of Pupil Premium children involved in OSHL Sports clubs

Pupil Premium involvement in OSHL has increased in Years 1,2,4 and 6. OSHL will be a focus of next year's sports funding plan.

% of Pupil Premium children involved in Level 2 Inter competition

2017/18 areas for development

- Continue involvement of Strength Lab within curriculum for those staff who have not yet had CPD to ensure Superheroes scheme is embedded throughout the school. Strength Lab to support

Mr Turner within PPA provision during Autumn term to ensure high quality teaching of Superheroes during PPA cover.

- Begin to track height/weight within school so we can track how an increase in physical activity through OSHL provision impacts this.
- Improve Outdoor environment so that physical activity is encouraged during break and lunchtimes. Engage KS2 through Parkour type activities which encourage Plyometric movement, balance, coordination, core control, problem solving, risk taking within a controlled setting etc...
- Increase the number of opportunities and take up of OSHL for all children through James Turner at lunchtimes and sports coaches including StrengthLab Superheroes clubs after school. Look at how sports funding can be used to engage sedentary children.
- Increase Level 2 Inter competition opportunities for Year 3 and 4.

- Further increase Leadership roles through Master Movers within each year group and the introduction of Year 3 Mini-leaders for the KS1 playground.
- Plan end-of-term team competitions within year groups.
