Dear Parents & Carers,

I am pleased to be able to share the report from our recent Ofsted inspection. This was a Section 8 - *short inspection*, which cannot change your current judgement (in our case 'Good') but it can indicate whether you are now functioning at a different judgement level.

We are delighted to inform you that the Lead Inspector feels that the school has improved considerably since the last inspection and that she found enough evidence over the day that indicated that we could be 'Outstanding' therefore she has recommended that our next inspection should be a full two day - Section 5 inspection where hopefully we can demonstrate that we are 'Outstanding'.

This is fantastic news and everyone within the Silverhill community should be very proud. The support from parents, children and staff was overwhelmingly positive through the inspection.

The normal window for a re-inspection is 12-24 months but with the Ofsted framework changing next September we have been advised to be prepared for it to come within this academic year.

I hope you enjoy reading how brilliant your children were and thank you once again for your continued support and positivity.

Yours faithfully,

*Andrew Gallagher*
